COLLECTION

La familia **Del Río** fabrica productos de calidad y diseño **desde 1951**.

Mini40 es un paso mas en nuestro saber hacer, hemos desarrollado una línea que se pone a la vanguardia en diseño, durabilidad y eficiencia.

Diseño; no deja indiferente su característico decorado como un bordado, moldea y perfila el producto, con un delicado entrelazado de rectángulos que lo hace único e inconfundible.

Durabilidad; es un producto fabricado con la robustez y solidez que caracteriza los productos de MZ, fabricado 100% latón con bajo contenido en plomo, conexiones de acero inox, cartuchos cerámicos y la aplicación de los nuevos tratamientos altamente resistentes en PVD.

Eficiencia; esta línea incorpora los últimos avances en ahorro de agua y energía, cartucho C3, limitadores de agua para duchas y lavabos, cartuchos termostáticos, etc.

COLLECTION

Del Río's family has been producing quality and design products since 1951.

Mini40 is a new stage in our know-how. We have developed a cutting-edge range of products in terms of design, quality and efficiency.

Design; its embroidered decoration cannot remain anyone indifferent, it shapes and designs the product with a delicate interlacing of rectangles which makes it unique and incomparable.

Durability; it is a product made with the robustness and solidity that characterize MZ products, whose components are 100% low-lead brass, with stainless steel connections, equipped with ceramic cartridges and where the innovative high-resistance PVD treatment technology is applied.

Efficiency; this innovative line incorporates the latest advances in water and energy saving: C3 cartridge, water limiters for showers and sinks, thermostatic cartridges, etc.

La famille **Del Río** élabore des produits de qualité et de design depuis 1951.

Mini40 est une nouvelle étape de notre savoir-faire.

Nous avons développé une gamme de produits positionnés à l'avant-garde en matière de design, de qualité et d'efficacité.

Conception; sa décoration particulière en forme de broderie ne laisse pas indifférent, elle façonne et dessine le produit avec un délicat entrelacs de rectangles qui le rend unique et incomparable.

Durabilité; Il s'agit d'un produit élaboré avec la robustesse et la solidité qui caractérisent les produits MZ, dont les composants sont 100 % en laiton à faible teneur en plomb, avec les connexions en acier inoxydable, équipés de cartouches en céramique et où est appliquée la nouvelle technologie des traitements PVD hautement résistants.

Efficacité; cette ligne innovante intègre les dernières avancées en matière d'économie d'eau et d'énergie : cartouche C3, limiteurs d'eau pour douches et lavabos, cartouches thermostatiques, etc.
